Each OPROshield is packaged in its own mouthguard container with mini CD fitting instructions

The world's largest supplier of custom mouthguards, all OPROshield™ models introduce the patented OPROfin™ retention system which gives the OPROshield™ the best retention (fit) performance of any self-fit mouthguard in the world.

The highly technological cross-sectional profile present in all the range means maximum protection against front and concussive blows whilst

keeping the palate clear for improved breathing and speech.

No-one can afford to take part in contact sports without dental protection.
